

# TOKSAVE BILONG COVID-19 SUT MARASIN

Wai yumi nidim  
COVID-19 sut  
marasin?

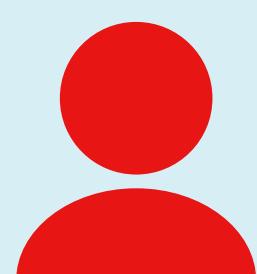

Lo stopim  
yumi lon  
kisim  
COVID-19  
sik

Lo stopim  
mipela lon  
spredim  
COVID-19  
sik long  
komuniti

Mi no sik, wai  
na dispela emi  
wanpela  
problem?

YU bai nonap  
showim sampela  
kain luksave lon  
bodi bilon yu  
olsem yu gat  
COVID-19 sik,  
TASOL ...

Sapas yu spredim COVID-19 sik  
lon ol lapun manmeri long femili  
bilon yu or ol narapela lain long  
komuniti bilong yu, ol bai stap  
lon bikpela risk lo kisim dispela  
COVID-19 sik.

Ol lain husait igat ol narapela sik – olsem  
sik suga (diabetes), sik lon lewa bilong ol  
or lon hap bilong pulim win, ol tu i stap  
lon bikpela risk lon kisim sik. Ol bai nonap  
save olsem ol kisim COVID-19 sik.

Sapos yu spredim COVID-19  
sik lon ol wok manmeri lon  
hausik, ol iken spredim tu lon  
ol lain husait ol lukautim long  
hausik. Ol bai hat long  
lukautim ol lain husait i kisim  
sik Coronavirus na ol narapela  
sik.

Wai na dispela  
sut marasin?

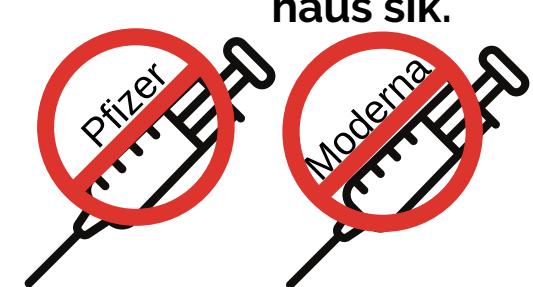

Igat sixpela  
sut marasin we World  
Health  
Organisation i  
givim tok orait  
long yusim.

Ol dispela sut marasin i  
go tru lon testin na ol  
PNG Medical na  
Scientific Advisory  
Committee i lukluk  
long ol test na i makim  
sut marasin we i  
gutpela long yusim lo  
PNG.

Ol hausik lon  
PNG i stap long  
bikpela risk lon  
pasim hausik  
bikos i nogat  
planti wok  
manmeri lon  
hausik.

Ol narapela sut  
marasin ino gutpela  
lon yusim long PNG  
bikos ol nid lo stap  
lo kol ples we igat  
70 degrees.

Bai em wok  
or nogat?

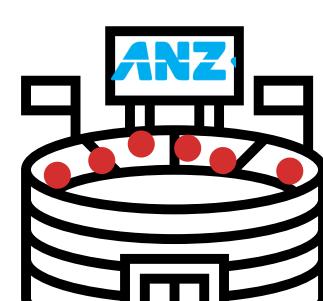

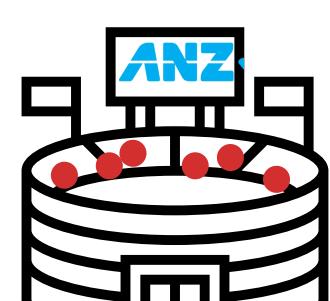

82%

Igat evidence we em  
sowim olsem 82%  
(planti) manmeri husait  
i bin kisim sut marasin  
ino kisim COVID-19 sik.

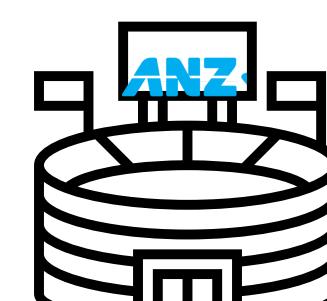

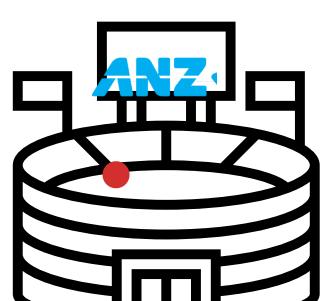

100%

Igat evidence we em  
sowim olsem 100%  
(planti stret) manmeri  
husait i bin kisim sut  
marasin ino bin dai  
lon COVID-19 sik.

Em safe or  
nogat?  
Na ol blut clot?

Long olgeta **2 million** manmeri husait i kisim COVID-19 sik, i luk olsem **40,00** manmeri (2%) bai DAI lon COVID-19 sik

Long olgeta **2 million** manmeri husait i kisim COVID-19 sut marasin, **20** manmeri tasol bai kisim sik lon blut clot na wanpela **(1)**  
tasol bai DAI.
